## Dear Alumni, Parishioners, and Friends,

St. Paul School is still delivering excellent education in a values-based, religious environment. And, the St. Paul School Foundation continues to stand strong for St. Paul School, its students, and faculty.

Since its founding, The St. Paul School Foundation has now contributed nearly \$1.2 million in support of the school and its current and former students. The generosity of so many donors, such as you, is making all the difference in our mission to provide for the financial stability of St. Paul School.

With a current enrollment of over 100 children, the school remains a vibrant center of learning. Continuous improvements to the facility, upgrades in technology, and a devoted and pro-

fessional teaching staff set the tone for high levels of achievement. Testaments to this are the long-term, successful outcomes at the high school and collegiate level earned by St. Paul graduates.

Challenges do exist, however, as it is no secret that parochial elementary schools face significant financial and demographic/migration issues. Despite a 44% increase in the number of Catholics nationwide since 1965, the enrollment in Catholic elementary schools has declined 69%; and 50% of Catholic elementary schools have closed. It is possible to overcome this trend, and St. Paul School is proof of that, thanks in large part to the support from the foundation and all

Fifth grade students learning about Sacramentals, and making a God's eye.

Students in the after school STEAM Scholars club gather to see Dr. Mumford, friend of Saint Paul School and Walsh University Professor, demonstrate Dash the robot. The school has recently purchased several kits of the Dash and Dot robot family for students to complete different tasks by controlling, programming, and writing code. This demonstration was shooting basketballs into the hoops.

Students from grades six, seven and eight went back out to the Salem community in their Halloween costumes to businesses that partnered up to collect toiletries that the students will distribute here in Salem.

## Dear Alums and Friends,

“Saint Paul School has contributed to the formation of many young people in our

community for over one hundred years. The school has been and continues to be part of our parish mission and as a parish we can be very proud of our school. In 2007, there are two concerns facing Saint Paul School. We need to increase the enrollment, and we need to create a situation where the school is more

financially self-sufficient.”

No, I haven't lost my marbles; I know it's the 2017-18 school year. The above paragraph was written by Father Eisweirth for Volume 1, Issue 1, of this newsletter. Interestingly, the two concerns are the same in 2017-2018.

How these two concerns are addressed now, will either make or break St. Paul School. I feel saddened that we still seem to be in the same place we were ten years ago. I also feel hopeful that with generosity, hard work, and determination we can reasonably address these issues.

By facing the reality of the present moment we may be able to find dreams, instead of nightmares, for the future.

The good news is that “Catholic Values” is one of the top 5 reasons people send their children to Catholic Schools. The “somewhat bad” news is that it's not the top reason. We strive to maintain Catholic identity along with Catholic values. One way this can be better implemented is for parents with children in Catholic school (or CCD, for that matter) to be to be involved in parish ministry beyond their school involvement.

It seems to me that one way to help St. Paul School financially is

The Saint Paul students did a wonderful job at the district science fair at Youngstown State University! We are proud of every student that represented our school. Congratulations to Sarah Bungard, left, and Bailey Staudt, who earned a trip to the state science fair in Columbus.

stakeholders. But, economic reality says continuous and generous support of the school/foundation will be necessary, both now and in the future.

We greatly appreciate the donations you have given in the past, and we ask again for your support. Please help us maintain our St. Paul School and the wonderful educational opportunity it provides to area students. We are currently embarking on a fundraising initiative which will involve direct solicitation, and we hope to contact you soon. Or perhaps you will consider using the enclosed envelope to mail a charitable donation prior to year end. Thank you!

Together we can insure that St. Paul School will be here for many more generations of students, and the St. Paul School Foundation will be here too, as one of the keys to the school's ongoing success.

*Your donation to the St. Paul School Foundation, a 501(c)(3) corporation, is tax deductible!*

*Mark Webb,*

SPSF President

to contribute not only to St. Paul School Foundation, but also directly to St. Paul School. This insures the Foundation will have money available for scholarships to St. Paul Elementary School students and for scholarships to St. Paul Alums for college. Direct donations to St. Paul School allows us to pay bills for operations without asking the Foundation for a subsidy. We don't want to be in competition for the support of our alums; but we don't want to see the day arrive when there will be a St. Paul School Foundation without a St. Paul School.

I appreciate the scholarships, contributions and work of St. Paul School Foundation, an independent

501(C)3, non-profit organization. Without them, St. Paul School would probably already have closed. But I think that many of our parishioners understand, rightly or mistakenly, that donating to the Foundation is the same as donating to the school. Further clarification of the relationship between the two may need to be communicated and clarified regularly.

It would be great to see St. Paul School financially independent to the point where St. Paul School Foundation's annual scholarship awards would be a blessing rather

than a necessity. It would be good for St. Paul Parish to allow all our parishioners of school age to attend school without financial worry.

We are grateful for any way you can assist financially, help with Bingo, volunteer and, above all, PRAY. If you have creative ideas, please contact me.

God bless you. May we continue to find ways make St. Paul Parish and School ever better.

*Father Bob Edwards*

## Friends, Families and Supporters,

As the 2017 – 2018 school year continues to move along, Saint Paul School has been gathering momentum and making strides every day to provide a top-notch education to our students. Last year at this time we were sharing news of how our school had expanded by adding an

eighth grade. We continue to see the middle school students in grades six, seven, and eight emerge to be role models as they grow in their faith, academics, and service.

This year we are thrilled to announce another expansion on the opposite end of education here at Saint Paul School. We have made a second preschool known as transitional kindergarten. Transitional kindergarten is the first all-day preschool at Saint Paul School and will prepare preschoolers that plan to enter kindergarten in the following year.

Over the course of a school year many Saint Paul School graduates drop in to visit their elementary school. Some stop by to say hello when they are back in town, others are eager to view the veterans memorial wall in the gym, and some just want to see how much change has taken place. I enjoy giving tours and demonstrating the many different ways we achieve classroom learning. Some of the researched best practices of learning in our classrooms include the use of alternative seating and brain breaks which help keep our students' minds active. We also call attention to the massive amount of technology where every student has an iPad or a Chromebook, how students get to experience both robotics and computer programming and the way teachers use Google Classroom. The use of this technology will prepare our students to be successful in their future endeavors. Even our most recent graduates would be surprised at the amount of change in their elementary school. I encourage all graduates to visit us. We do love to show off Saint Paul School. Everyone here welcomes the chance to share how we accomplish what we aim for every day!

Sincerely,

*Mr. David Pancurak,*

Principal

Educational assistant 1996-2002; last Humility of Mary nun to serve St. Paul School and reside in St. Paul Convent.

### John D. Sprowl

Custodian from 1984-1997.

### Danielle Tussey

Custodian in the late 2000s and early 2010s.

### Sister Mary Conrad Walsh, H.M.

Teacher from 1953-57; teacher and principal from 1963-69.

**Christopher W. Avila Jr.**

Christopher W. "CJ" Avila, age 6, a bright, kind, energetic and upbeat kindergarten student, died tragically on January 28, 2017, shortly after contracting influenza. His smile endeared him to those he met and especially to his St. Paul School family. CJ's passing inspired Adele Lake, owner of Adele's Place, a Salem restaurant, to donate \$10,000 in CJ's memory directly to St. Paul School for sensory equipment to help students stay engaged in learning. The money was raised from weekly 50/50 drawings held in conjunction with the restaurant's Queen of Hearts contest. Father Robert Edwards and Principal David Pancurak expressed deep appreciation to the civic-minded Lake, whose grandson was CJ's classmate. She was quick to credit the Salem community for its support of the drawings. CJ's memory will now live on in the classrooms of St. Paul School thanks to the generosity of Adele Lake.

**Sister Agnes Clare Snyder, H.M.**

Sr. Agnes Clare Snyder, H.M., 97, died on Nov. 11, 2017, at the Sisters of the Humility of Mary Community Center in Villa Maria, PA. She was the last H.M. nun to serve at St. Paul School where she was an educational assistant from 1996 to 2002 and the last nun to reside at the parish convent. For 54 of her 74 years as a nun, she worked in her order's Ministry of Education. Sister "Ag," as she was known fondly, loved her students and had a gift for working with those for whom learning was difficult. She was very caring and kind and enjoyed a keen sense of humor. She would make you laugh, leave you with a hug, and always close her personal correspondence by exhorting "Be gentle to yourself."

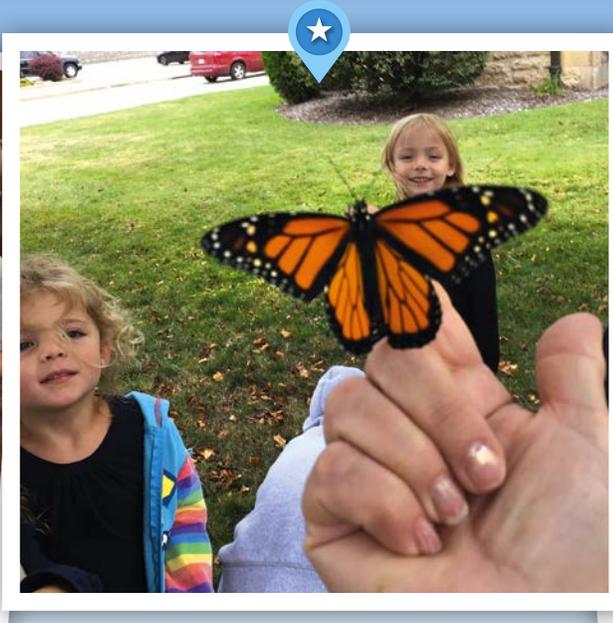

**Sister Mary Conrad Walsh, H.M.**

Sister Mary Conrad Walsh, H.M., 92, passed away on June 27, 2017, at the Villa Maria Community Center, Villa Maria, PA. She served as an educator from 1953 to 1957 at the school and returned as both educator and St. Paul's 21st principal from 1963 to 1969. In 2010 she visited Salem for the 50-year reunion of the St. Paul class of 1960 that she taught in third grade. Sister celebrated her 70th jubilee in 2016 and was the last H.M. nun to wear the order's habit. She was beloved for her kindness, buoyant spirit, and sparkling wit.

Third graders prepared book reports and presented to their classmates. Students decorated a pumpkin to look like the character from their book.

Fourth and fifth grade students joined the students in grades six, seven, and eight by receiving their own Chromebook to enhance their learning experience at Saint Paul School.

Dr. Crowl from Prima Health Care visited second grade to share how to stay healthy, when to get a checkup, and to discuss what the students want to be when they grow up. They also got to check vital signs.

Preschoolers made a trip to Catalpa Grove Farm to see how much work is involved with a farm. They also were able to go on a ride to the pumpkin patch!

## Foundation Awards 2017 Annual Scholarships

*Congratulations to St. Paul School alumni Luke Heestand, James “Lex” Murray, and Kole Zellers!*

They are the recipients of the annual St. Paul School Foundation senior scholarship. These 2011 St. Paul graduates shared a total of \$4,200 in financial assistance for their first year of college education. Luke attends

Youngstown State University; Lex is enrolled in the University of Akron; and Kole studies at Miami University of Ohio.

High school seniors who graduated from St. Paul School are eligible for the scholarship. Awards are based on academic achievement, grade point average, church and community involvement, three letters of recommendation, an essay that describes

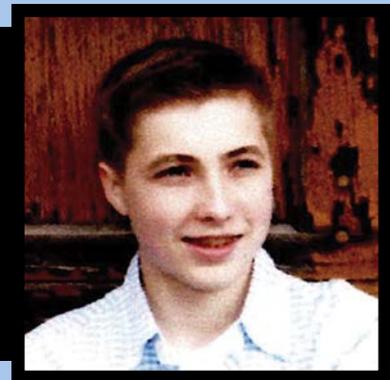

an applicant’s educational and career plans, and the role of a St. Paul School Catholic education in their academic success. The foundation takes pride in helping these graduates and encourages them to return often to St. Paul. Since establishing the scholarship in 1995, the foundation has awarded \$85,150 to 113 St. Paul School alumni. Visit the foundation web page for a list of all previous winners.

*Many thanks for your generous support!*

Frances Ziegler, long-time St. Paul parishioner who died in September, named the foundation as the beneficiary of a \$10,000 life insurance policy. Frances

worked her entire life to serve her parish and others through the Loyal Christian Benefit Association. The school and parish received significant financial benefits from her work for many years as the voice of St. Paul bingo. The foundation deeply appreciates Frances’ generous support of St. Paul School both in life and in death.

The St. Paul School Foundation is a 501 (c)(3) tax-exempt corporation formed in accordance with chapter 1702 et seq. of the Ohio Revised Code for the purpose of enhancing the educational opportunities provided by St. Paul School in Salem, Ohio. The foundation is governed by an appointed board of trustees. All trustees serve without compensation. The foundation is not legally affiliated with or financially obligated to St. Paul Parish, St. Paul School, or the Roman Catholic Diocese of Youngstown.
