NOVEMBER 2024
Volume 18, Issue 1

Dear St. Paul School Community,

St. Paul School provides deep-rooted principles that shape young minds into productive and successful adults. Throughout the years, these principles, morals, and ethics have been exemplified in our successful alumni. These attributes have helped guide many families over the years.

One of the things that makes St. Paul School so unique is the family legacies. From the opening of St. Paul School in 1904, the school has provided rigorous academics and an environment that enriches the mind, body, and spirit.

St. Paul families over the past 120 years have seen the achievements, contributions, and lasting impact St. Paul School provides. There are many family legacies at St. Paul School. It is a true testament of the profound impact the school has had on so many individuals.

The St. Paul School Foundation reached out to these “generational families,” legacies, and asked them to share their family stories.

We continue to encourage the St. Paul community to visit the St. Paul School website and Facebook page. Join the students’ all family Mass during the week to see the positive impact St. Paul School is having on today’s youth and continue to see the achievements of the legacies to come.

The St. Paul School Foundation thanks all of you in helping with our mission to assist St. Paul School in educational enhancements and scholarship.

LEGACY *Spotlight*

At a young age, Paul Salvino, Sr. and Antoinette (Grande) Salvino immigrated from Italy. They met, married, and raised their family in Salem, Ohio. They sent their five children to St. Paul School to find a good education and instill strong morals and values. Our family respects the strong academic programs, rigorous curriculum and commitment to intellectual development St. Paul School offers. The school also fosters community, respect, empathy, and personal responsibility by emphasizing moral, ethical and spiritual teachings. For us, we view the holistic education as the foundation for academic learning and creating well-rounded and engaged individuals aligning with our family's morals and values. Three generations attended and are attending St. Paul's School to continue this legacy. From generation to generation, St. Paul School adapts to the ever-evolving world by incorporating STEM education and student research. and promoting lifelong learning skills.

Those attended St. Paul's and graduation year.

LEGACY *Spotlight*

Ann Frances Dugas moved to Salem from Phillipsburg, PA in 1940. It was very important to her family that she enhanced her Catholic faith by attending St. Paul School. Ann was selected as May Queen her 8th grade year. After marrying Howard Coy in 1949 and having two daughters—Debbie in 1950 and Barb in 1955— it was equally important for them to attend St. Paul School. Debbie Wack Watson was a member of the St. Paul Class of 1964. She passed in 2014. Barb Wagner was a member of the class of 1970 who recently celebrated 50 years since their graduation. Debbie's two children — Becky Wack Kitto and Jim Wack attended St Paul School in the late 1980s. Barb's daughter, Bri Wagner Lantz, was a 2003 graduate of St. Paul School. She received the Christian Witness Award at her 6th grade graduation. She sang in the Youth Choir and at the Children's Christmas service. She shared her St Paul experience as a part of Catholic Schools Week when she was a junior

in high school. Barb is now in her 4th term as a trustee for the St. Paul School Foundation. Ann, who will celebrate her 95th birthday in September still attends Mass during the week. Either Barb or a friend take her. Our Catholic faith and love for the school is never-ending. We are so proud of the school and its special place it has in our lives- remembering the Sisters, the staff, and the friendships that are still a part of our lives today- from Salem to Rocky River, Ohio to Louisville, Kentucky.

A LETTER FROM THE PASTOR

Dear friends, supporters, and benefactors of St. Paul School,

It was with great joy that we welcomed students in grades 1 through 8 (yes, we are back to having 8th grade again!!) on Wednesday, August 21, and then our preschool students and kindergartners on Monday, August 26. Seeing all the nervously excited faces of the students (and even some parents) as they arrived that first day was inspiring and gratifying after a summer full of hard work in promoting the school, recruiting new students and families, and making the building as spick-and-span clean as possible. In a way, I, too, was nervously excited, as this was my “first” first-day-of-school as the pastor here at St. Paul Parish!

We celebrated our first school Mass on Wednesday, August 28, and as always, I am incredibly impressed with the respect, attention and participation displayed by our students in giving praise and thanks to God at Mass. Ms. Gina Love has already done a fantastic job preparing and organizing the students to

sing so beautifully at Mass. I am very much looking forward to what else she has in store for the students to do musically this year, especially as we move closer to the Christmas holiday!!

I am also very grateful to our new school custodian, Mr. Scott Tice, for his tireless efforts over the summer in scrubbing, waxing, and cleaning the building, and in unpacking and assembling all the new tables and equipment. The new tables and chairs for the cafeteria are a great improvement to the ancient, bulky, worn-out tables we had that were so difficult to fold or move. Of course, these new tables and other equipment we were able to purchase thanks to Dr. Mumford’s remarkable work in finding grants and other monies to pay for these much-needed improvements. So, another great and grateful shout-out to her for her ingenuity and leadership as our Principal!!

This new school year holds the promise for greatness

for our students and faculty. As we begin, I also feel a strong sense of anticipation in the parishioners, school families, staff, and Foundation Board as we continue to experience incremental growth in our school enrollment, in Mass attendance, and in volunteerism in all aspects of the life of our Parish. Being able to welcome the return of the 8th grade is an incredible milestone that points to a promising future for our school. There also seems to be a feeling of relief as we look forward to a school year with consistency and continuity, free from the worries of turnovers in leadership.

This year, we continue moving forward with plans for the installation of a new playground with all new modern equipment (thanks to the generosity of “Giving Tuesday” donations in years past and to that of the school Foundation). I am also looking forward to a fresh paint job on the exterior of the school building this fall, and some extra holiday lighting

Congratulations to the 6th grade graduation Class of 2024. These graduates have a bright future!

and decorations on the school in December and into the new year.

God has indeed blessed our parish and school community abundantly, and as we celebrate in 2025 the 70th anniversary of the dedication of our current school building, I pray that, with your continued support, our parish and school

will see even greater growth as we honor and maintain the history and heritage that has been passed down to us. May our students, and indeed each of us, continue to grow in knowledge and love of the Lord our God, and may our sharing of our faith bring an ongoing shower of grace to our entire community and our world.

Sincerely yours in Christ,

Rev. Joseph Ruggieri

Pastor

SCHOOL News

Dear Members of the St. Paul Community,

We have so much to share since our last issue! We have 125 students enrolled in grades preschool through eighth—thriving and learning with us each day! We have an excellent team of expert teachers and staff focused on academic excellence and educating the whole child: mind, body, and spirit. This year we have a focus on service to others with a willing spirit.

We have many successes to share in this year's newsletter! Thirty students participated in our local science fair in January 2024, with five of our local winners advancing to attend the district fair at Youngstown State where they took top honors and received scholarships and awards. Three students advanced to the State Science Day.

St. Paul School has an excellent team of dedicated educators.

Seven of our students were selected as finalists for the Ohio STEM Learning Network's design challenge #STEMOrbitsOhio. After an educational and inspirational visit from former astronaut Dottie Metcalf-Lindenburger, students researched life in space and designed modifications for STARLab to make life in orbit more comfortable. and awards day at Battelle in Columbus where they received the Akron Hub Award for their research and designs. We are so grateful that the St. Paul School Foundation sponsored our transportation. We sometimes say that we are a "small but mighty school," and seeing seven of our students invited out of just 75 statewide demonstrates just that!

Students in grades 5-8 participated in an "Engineer for the Day" program at Bridgestone's Americas Technical Center headquarters in Akron, Ohio. Students learned

Our younger learners engage regularly in a variety of exciting hands-on activities, learning centers, problem-solving, applying the engineering design process,

and more. The primary hallways are always buzzing with innovative learning activities and experiences.

St. Paul School hosted many community events this year. Our "Plasma Ball" family STEM night has become an annual favorite. The teachers planned several multiple memorable field trips and events. Mrs. Tolson's students

experienced her "around town" educational trip including a ride on the Salem Historical Center Trolley and lunch!

We are very pleased to share that St. Paul School was awarded a distinguished 2024 Ohio Governor's Edison Award for STEM Excellence! In addition to that, four of our teachers were recognized with individual awards for their work coaching students in the Ohio Stem Learning Network Design contest, providing guidance for our science fair research, and coaching technical writing efforts. The teachers receiving the honors are: Mrs. Darby Hall, Art/STREAM; Mrs. Dominique Moeller, English; Mrs. Sue Sowa, Math; and, Ms. Teresa Sisson, Social Studies/Religion.

Due to several grants, the school has some exciting new updates. The cafeteria was outfitted with

new student tables that provide additional seating, ergonomics, and safety. The building WiFi was upgraded. Our preschool was furnished with new tables and cubbies, making the space functional and welcoming. Grades 4-8 received new seating and tables. Grade 2 received additional book and technology furnishings. All rooms now have "smart" collaboration displays and new Chromebooks. We were able to procure 410 new folding chairs and 27 tables for events in Scullion Hall, as well as portable choir

risers for our music programs. A new commercial steam oven was installed in our kitchen, bringing some new culinary opportunities to our facility.

The school was also selected to receive a high-dosage tutoring grant that provides students in grades 2-8 with 30 minutes of small group tutoring at least 3 days per week through Cognition Tutoring.

Mrs. Baranovich, Cafeteria Director, worked with the State of Ohio to offer free breakfast and lunch to all students under

Provision 2 of the National School Lunch Program. We received compliments on our organization, attention to detail, and World Wide Wednesday lunch programs. Every Wednesday our students take a virtual trip to a different location. We start with our announcements, work together in classrooms learning about the country, and then we prepare a special meal from that locale that meets our federal nutrition guidelines. It has been very successful—as our students

try new foods and learn about customs, countries, and cultures.

Our school music program is thriving. We have 52 students in band. Our school choir has 31 members. School Mass is on Wednesdays at 9am—all are welcome to worship with us and hear our school choir's voices fill the church.

We are also excited to announce that in addition to the generous

donations to the St. Paul School Foundation Panther Playground Project #iGiveCatholic day of giving, we received a sizeable grant for our playground. Work has commenced on that—so students will be enjoying that space by summer.

We are truly blessed by the strong support from our families, parish, alumni, and community. Kind words of support, calls, visits, or donations from our community truly help us grow our mission to serve families with the high quality, rigorous Catholic education that has been part of St. Paul School since it was founded in 1904! We are excited about our future!

Sincerely,

Playground Construction Update from the St. Paul School Foundation

We are thrilled to announce that the funds for the new St. Paul School playground have been successfully raised over the past two years, thanks to the incredible generosity shown by our St. Paul School community during Giving Tuesday. Additionally, we are fortunate to have received a grant that will cover half of the total cost of the playground structure. With the playground equipment selected and purchased, we are excited to share that construction of our new state of the art, interactive, playground is scheduled to begin in the spring of 2025.

In the meantime, site preparations will be taking place to ensure the project moves forward smoothly. We want to extend our heartfelt gratitude for the financial support provided by so many, and for the community's patience as we work through this process. Your contributions and understanding have been invaluable, and together, we are creating a space that will bring joy and opportunities to our students for years to come.

Thank you for your continued support of the St. Paul School Foundation and this wonderful initiative!

Playground designs were developed in collaboration with design professionals, staff, students, and parents with an emphasis on Creativity and Exploration in Science, Technology, Engineering, and Math.

Many thanks for your generous support!

St. Paul School Foundation is an Ebay Charitable Seller

100% of the profits from our sales go to our organization and then toward charitable causes. This also means that we are charged substantially less selling fees from eBay. We are asking for used donations in the following categories:

- Electronics (gently used in working condition)
- Collectibles (new in box sells best)
- Shoes (good condition) & Designer Handbags
